CFM PSEEC Committee Notes
September 22, 2020

Attending: Faith Sillars, clerk, Charlie Friou, Kathy Urie, Wendy Lapham, Lynda Dyer, Richard Kleinschmidt

This meeting was a ZOOM meeting.

Faith asked the committee where the committee wanted to put its energy. We had presented mass incarceration information to our meeting, and we had discussed an interest in Native American issues and police accountability.

Previous to this meeting Richard wrote a letter on behalf of the committee and CFM to the Governor's Commission on Police Accountability concerning the national "8 Can't Wait" recommendations.

A sense of our committee was to learn more about the issues of mass incarceration of the mentally ill. Faith agreed to contact Joseph Lacaze, a NH ACLU staff person, concerning this topic. He also may have information concerning disability rights. (??)

Richard agreed to contact Ken Norton, NAMI.

Richard agreed to send the committee a link to the report which offered recommendations as a result of the Governor's Police Accountability Commission.

Kathy agreed to contact Native American leaders in the area of Concord Friends Meeting.

The committee ended with silent worship.
